Introductory Proficiency Workshop
With an Emphasis on Talented & Gifted (TAG)

(Transforming Education—Achievement for ALL)

Participants will be introduced to an integrated, standards-based system of education that represents a synthesis of research and best practice—a system that enables ALL students to succeed.

In this introductory 2-day workshop, participants will learn about:

- Developing a learning-centered, proficiency-based classroom
- Time vs. proficiency-based education
- Developing proficiency-based teaching and assessments that address rate and level of learning
- Creating sufficiency/proficiency criteria and levels for standards
- Drafting an implementation plan from best practices
- Electronic reporting
- Lessons learned after six years of working with teachers/schools in developing proficiency practices
